March, 1929

Narrative Report---Men's Work
P. H. Stone
State Agent for Negro Work

Meetings:

The Annual Farmers' Conference of Washington County was held at the Sandersville High & Industrial School March 8th. Three hundred and two people attended this conference, the program of which consisted of a round table of local county farm problems, reports from outstanding 1928 demonstrators and demonstrations by club boys and girls. Harp blowing, hog calling, and story telling contests were some of the recreational features.

On the same day at the Howard Normal School at Cuthbert, a similar program was carried out in connection with the Randolph County Farmers' Conference. Dr. A. G. G. Richardson, State Veterinary Leader, was present and gave very practical instructions on improving the quality of home-raised meat.

Enterprise Development Work

The 5-Acre contest is doing perhaps, more than anything else to show what good seed, better preparation of land and modern methods of cultivation will do to increase quality and yields. Therefore, every agent is pushing the local 5-Acre contest. In some counties, merchants are offering prizes for the highest yields and in others, the farmers entering the contests are contriouting to a local prize fund. In still others, land lords are offering prizes for the highest yields on their respective farms.

The following represents the high points in the work with corn this month:

Number of 5-Acre demonstrations started:

| | |
|-------------------------|----|
| Washington County ----- | 27 |
| Ware County ----- | 11 |
| Liberty County ----- | 23 |
| Houston-Peach ----- | 67 |
| Clarke ----- | 8 |
| Chatham County ----- | 15 |
| Bibb County ----- | 20 |

In connection with the 5 and 2-Acre demonstrations, pure seed have been purchased in Ware, Liberty, Houston-Peach and Chatham counties.

Cotton:

Agent T. W. Brown of Washington County, reports: "Have secured 12 farmers to take 5-Acre contest plats for this year. Six of them have been measured and ten have been prepared for planting. Sixteen other cotton demonstrators have been secured."

March, 1935

Executive Report--Mr. J. H. Stone
State Agent for Negro Work

Meeting

The Annual Farmers' Conference of Washington County was held at the Sandersonville High & Industrial School March 25th. Three hundred and two people attended this conference, the program of which consisted of a round table of local county law problems, reports from outstanding 1934 demonstrators and demonstrations by club boys and girls. Many plowing, hay cutting, and every falling contests were some of the recreational features.

On the same day at the Howard Normal School at Odenton, a similar program was carried out in connection with the Randolph County Farmers' Conference. Dr. A. G. Richardson, State Veterinary leader, was present and gave very practical instructions on improving the quality of home-raised meat.

Enterprise Development Work

The 5-Acre contest is doing perhaps more than anything else to show what good seed, better preservation of land and modern methods of cultivation will do to increase quality and yields. Therefore, every agent is pushing the local 5-Acre contest. In some counties, merchants are offering prizes for the highest yields and in others, the farmers entering the contests are contributing to a local prize fund. In still others, land lords are offering prizes for the highest yields on their respective farms.

The following represents the high points in the work with corn this month:

Number of 5-Acre demonstrations started:

| | |
|----|-------------------|
| 27 | Washington County |
| 11 | Late County |
| 33 | Liberty County |
| 87 | Houston-Peach |
| 8 | Clarke |
| 15 | Chatham County |
| 20 | High County |

In connection with the 5 and 5-Acre demonstrations, pure seed have been purchased in Ware, Liberty, Houston-Peach and Chatham counties.

Station

Agent T. F. Brown of Washington County, reported: "Have secured 15 farmers to take 5-Acre contest plots for this year. Six of them have been measured and ten have been prepared for plowing. Sixteen other cotton demonstrators have been secured."

Agents in Ware, Liberty and Clarke counties report the following activities in cotton production:

| | |
|---|----|
| No. 5-Acre demonstrations planted ----- | 34 |
| No. buying pedigreed seed ----- | 13 |

Hogs:

Reports from Washington, Ware and Clarke counties show that the following work in swine sanitation was done this month:

| | |
|---|-----|
| No. farms having hogs treated for cholera ----- | 20 |
| No. demonstrations in controlling parasites ----- | 2 |
| No. persons attending these demonstrations ----- | 29 |
| No. demonstrations given in the single treatment for cholera ----- | 1 |
| No. persons present at this demonstration ----- | 22 |
| No. hogs treated ----- | 46 |
| No. demonstrations given in meat curing ----- | 5 |
| No. pounds of meat in these demonstrations ----- | 900 |

Poultry:

The following work in poultry development was accomplished this month, Washington, Ware, Sumter and Bibb Counties reporting:

| | |
|--|-------|
| No. plans furnished for poultry houses ----- | 4 |
| No. cooperative sales participated in ----- | 4 |
| No. pounds of poultry sold ----- | 4,144 |
| No. settings of pure bred eggs purchased ----- | 15 |

Farm Sanitation:

| | |
|--|-------|
| No. sanitary toilets constructed ----- | 1 |
| No. health talks given ----- | 22 |
| No. persons present ----- | 1,856 |
| No. pumps driven ----- | 1 |
| No. schools whitewashed ----- | 2 |
| No. poultry houses cleaned and disinfected ----- | 6 |
| No. counties making special health drives ----- | 6 |

At a union meeting at Montieth in Chatham County, where five communities met to deal with religious matters, the prescribed program was cut in half to make room for health talks and demonstrations by the agents.

Farm Engineering:

In Ware and Clarke Counties, the following work is reported:

One hundred and seventy-five stumps removed from a plat of ground during a demonstration. Three terracing demonstrations conducted.

Agents in Ware, Liberty and Olney counties report the following activities in cotton production:

No. 5-Acre demonstrations planted ----- 24
No. 5-Acre demonstration seed ----- 13

Wares:

Reports from Washington, Ware and Olney counties show that the following work in cotton sanitation was done this month:

No. farms having bolls treated for bollworm ----- 20
No. demonstrations in controlling bollworm ----- 3
No. persons attending these demonstrations ----- 20
No. demonstrations given in the single treatment for bollworm ----- 1
No. persons present at this demonstration ----- 20
No. bolls treated ----- 40
No. demonstrations given in seed curing ----- 3
No. pounds of seed in these demonstrations ----- 200

Poultry:

The following work in poultry development was accomplished this month, Washington, Ware, Buster and Dick Counties reporting:

No. plans furnished for poultry houses ----- 4
No. cooperative sales participated in ----- 4
No. pounds of poultry sold ----- 1,144
No. settings of pure bred eggs purchased ----- 13

Farm Sanitation:

No. sanitary toilets constructed ----- 1
No. health talks given ----- 20
No. persons present ----- 1,000
No. pumps driven ----- 1
No. schools whitewashed ----- 2
No. poultry houses cleaned and disinfected ----- 3
No. counties making special health drives ----- 3

At a union meeting at Monticello in Graham County, where five committees met to deal with religious matters, the prescribed program was out in full to make room for health talks and demonstrations by the agents.

Farm Sanitation:

In Ware and Olney Counties, the following work is reported:
One hundred and seventy-five stumps removed from a piece of ground during a demonstration. These stumps were removed.

Marketing

| <u>Commodity</u> | <u>Quantity</u> | <u>Sales</u> | <u>Purchases</u> |

| Hams | 67. | 268.26 | |
| Vegetables | 200# | 9.00 | |
| Total | | \$1,963.06 | \$35.25 |

Miscellaneous Enterprise Work

In Ware County, Agent Hurse reports thirteen tobacco demonstrations covering a total of 35 acres. Two of these demonstrators, Homer Maulsby and Walter Murphy, two farm club boys, have a plant bed covering 1/3 of an acre from which they are making daily deliveries of plants to tobacco growers throughout the county. Both the Waycross and Savannah newspapers have carried articles about the success of these two young farmers with their plants.

Agent Thos. W. Brown of Washington County writes of one of his farmers, who, while his neighbors were singing the blues over continued rains and high waters, proudly styled himself a "wet weather" farmer, because it gave him and his boys such a fine chance to haul leaves, straw and litter into his barn lot to absorb the water and manure to keep it from washing away, thus making many tons of compost that he would not have otherwise had.

Agent Benj. S. Adams of Chatham County tells an interesting story of how a farmer, Ellis Green, was fixing to slaughter his only farm mule because he had apparently broken his leg while tied to a tree grazing, but upon the insistence of the agent, a closer examination was made which revealed only a bruise, thus saving the life of an animal which had recently cost this farmer \$225.00.

In Liberty, Dougherty and Ware Counties, the agents have had a number of interesting demonstrations in growing sweet potato plants. There were sixteen in Ware County, eighteen in Liberty County and eleven in Dougherty. These have not only furnished early plants for the demonstrators, but they have had some to sell their neighbors.

Narrative Report---Boys' Club Work

Meetings:

This month four new clubs were organized in Liberty County, and four in Clarke County. At the Farmers' Conference in Randolph and Washington Counties, boys' crop and livestock judging teams

Statement

| <u>Commodity</u> | <u>Quantity</u> | <u>Value</u> | <u>Purpose</u> |
|------------------|-----------------|--------------|----------------|
| Wheat | 4,300 | 440.00 | |
| Barley | 4,300 | 1,121.30 | |
| Peas (Seed) | 30 Bu. | | 31.25 |

| Vegetables | 3004 | 9.00 | |
| Total | | 11,951.05 | 35.25 |

Witnesses' Statements

In York County, Agent Green reports thirteen tobacco demonstrations covering a total of 35 acres. Two of these demonstrations, those of William and Walter Murphy, two farm club boys, have a plant bed covering 1/3 of an acre from which they are making daily deliveries of plants to tobacco growers throughout the county. Both the York and "Evening" newspapers have carried articles about the success of these two young farmers with their plants.

Agent Green, T. Brown of Washington County writes of one of his farmers, who, while his neighbors were planting the plants over continued rain and high waters, proudly styled himself a "wet weather" farmer, because it gave him and his boys such a fine chance to haul leaves, straw and litter into his barn lot to absorb the water and manure to keep it from washing away, thus making many tons of compost that he would not have otherwise had.

Agent Green, S. Adams of Graham County tells an interesting story of how a farmer, Elie Green, was liking to slaughter his only farm wife because he had a recently broken leg while tied to a tree trunk, but upon the insistence of the agent, a closer examination was made which revealed only a bruise, thus saving the life of an animal which had recently cost this farmer \$25.00.

In Liberty, Dougherty and Lane Counties, the agents have had a number of interesting demonstrations in growing sweet potato plants. There were fifteen in York County, eighteen in Liberty County and eleven in Dougherty. These have not only furnished early plants for the demonstrators, but they have had some to sell their neighbors.

Witnesses' Statements

Witnesses

This month four new clubs were organized in Liberty County, and four in York County. At the Farmers' Conference in Raleigh and Washington Counties, boys' crop and livestock judging teams

furnished the most interesting part of the programs, showing their dads how to cull chickens, select seed corn and giving other information about club work.

Agent B. S. Adams of Chatham County reports: "Attended five meetings of boys' clubs with an attendance of 86 boys".

Enrollment:

| | |
|-------------------------|-------|
| Bibb County ----- | 171 |
| Chatham County ----- | 225 |
| Clarke County ----- | 72 |
| Dougherty County ----- | 27 |
| Houston-Peach ----- | 377 |
| Liberty County ----- | 206 |
| Oconee County ----- | 420 |
| Randolph County ----- | 180 |
| Sumter County ----- | 106 |
| Ware County ----- | 177 |
| Washington County ----- | 65 |
| Total | 2,026 |

Enterprise Activities

Bibb County: "All of the boys seem to have the spirit of doing a big job this year. They are preparing to get their corn planted at once. They are asking the agent to supply them with pure bred pigs, poultry and early potato plants. This will be done during the month of April. With such enthusiasm on the part of the boys and with help from their parents, this should be the banner year in club work, all other things being equal."

Chatham County: "The two boys who brought over a crop of late winter cabbage are beginning to cut them for market. Two boys are making ready to put in one acre each of early sweet potatoes; have made arrangements to secure four pigs of good strain for club boys."

Clarke County: "Eighteen club plats of one acre each have been measured off and started."

Dougherty County: "Twenty-seven club members have been provided for with supply merchants to furnish seeds and fertilizer on their contract and they have been advised when to get supplies and get ready for planting."

Houston-Peach: "Houston Banking Company has let club boys have \$75.00 with which to buy their pigs for their clubs. Pigs have been secured and will be distributed the next week."

Liberty County: "Ten acres of land have been planted to corn already by the different club members. Three acres of sweet potatoes have been planted by the junior club members in order to

furnished the most interesting part of the program, showing their take how to call children, select seed corn and giving other information about club work.

Agent S. B. Adams of Chatham County reports: "Attended five meetings of boys' clubs with an attendance of 88 boys."

Enrollments:

Exhibitions Activities

Rich County: "All of the boys seem to have the spirit of doing a big job this year. They are preparing to get their corn planted at once. They are asking the agent to supply them with pure bred pigs, poultry and early potato plants. This will be done during the month of April. With such enthusiasm on the part of the boys and with help from their parents, this should be the banner year in club work, all other things being equal."

Chatham County: "The two boys who brought over a crop of late winter cabbage are beginning to cut them for market. Two boys are making ready to put in one acre each of early sweet potatoes; have made arrangements to secure four pigs of good strain for club boys."

Clarke County: "Eighteen club plants of one acre each have been measured off and started."

Douglas County: "Twenty-seven club members have been provided for with supply warrants to furnish seeds and fertilizer on their contracts and they have been advised when to get supplies and get ready for planting."

Houston-Peach: "Houston Seedling Company has let club boys have \$75.00 with which to buy their pigs for their clubs. Pigs have been secured and will be distributed the next week."

Liberty County: "Ten acres of land have been planted to corn already by the different club members. Three acres of sweet potatoes have been planted by the Junior club members in order to

get some money soon in the summer."

Randolph County: "We have enrolled to date 130 boys in the various enterprise developments, including corn, cotton, hogs, truck, poultry, peanuts, etc., also soil building. John McClockton conducted a demonstration at our Farmers' Conference, showing how to cull poultry and Melton Allen, another club boy, delivered a talk on the club work in Randolph County."

Sumter County: "Visited eleven boys conducting pig projects. Instructions relative to general care of pigs during the hot summer months were given. Also instructed the boys with pigs on farms where cholera has been to move their pigs to portions of the farm where the hogs sick with the cholera have not been kept. Instructions were also given relative to feeding of small pigs."

1. General 2. Particulars 3. Summary 4. Conclusion

The first part of the report deals with the general situation of the country. It is a very interesting and informative part of the report. The second part deals with the particular details of the situation. It is a very detailed and thorough part of the report. The third part is a summary of the findings of the report. It is a very concise and clear part of the report. The fourth part is a conclusion of the report. It is a very brief and to the point part of the report.

The report is a very good example of a well-written report. It is clear, concise, and informative. It is a very good example of a report that is easy to read and understand. The report is a very good example of a report that is well-organized and well-written. It is a very good example of a report that is a pleasure to read.

Narrative Report -- Home Demonstration Work
Camilla Weems,
Negro District Agent

Food Production

Camden County - "One hundred gardens are looking fine with growing vegetables, shrubbery and flowers. Many are eating English peas, Irish potatoes, lettuce, onions, beets, cabbage, collards and mustard from the home gardens. All are planting enough to can and dry. The interest in canning and saving is increasing more and more each year.

Poultry: 418 chicks hatched out.

Dairying: Fifty families are using more milk in the diet. Bought 1 Jersey cow. One dairy shipping whole milk daily to Brunswick."

Bibb County - "Vegetables were planted in 181 gardens this month. The greater number of these were year-round gardens, and are still supplying vegetables for home use. Four hundred and twenty chicks were hatched. Poultry products sold - \$12.00. Dairy products sold - \$8.45."

Carroll County - "Forty gardens started. 3725 cabbage plants and 1005 onion sets were put out. Twelve pecks of cabbages, 2 pecks of collards, 3 pecks of tomatoes, 15 pecks of English peas, 18 pecks of beans and 15 bushels of Irish potatoes planted."

Grady County - "One hundred and nineteen club members have gardens planted, 240 cabbages were set out, 488 baby chicks hatched. Twenty-two friers sold at 55¢ per pound. \$5.00 worth of garden vegetables sold. One pig sold to market for \$18.00; one pure bred cockerel bought. Three new clubs organized."

Laurens County - "Gardens are all planted and up. Planted carrots in five gardens for the first time. Pimentos are planted in four gardens for the first time. Adults are planting large gardens."

Liberty County - "Fifteen club members planted gardens using 6 varieties of seeds and plants. 1050 baby chicks hatched. The study of home gardening has been stressed in the club using the vegetable gardening pamphlet."

Newton County - "Three hundred and eighty six members planted gardens. The juniors as well as the seniors are looking forward to a good year in growing gardens. Twenty-six homes report enough vegetables for family supply."

Peach-Houston Counties - "The garden projects are looking fine. 53 adult members continued their garden projects by planting the following seeds: Corn, beets, tomatoes, okra, butter beans, lettuce, snap

beans, cabbages and collards. I am urging my club folks to grow plenty vegetables for home use and some for market. \$5.00 worth of onions and cabbages were sold. Three hundred and fifty baby chicks were hatched during the month. Fifty hens were set."

Washington County - "Thirty-three gardens were started this month. A good many others are growing nicely."

Home Poultry - Club members took off 3312 baby chicks during the month and bought more than 560 pure bred chicks. 1165 dozen eggs were collected. Fifteen poultry houses were built and one poultry house improved. Two poultry yards were built.

Carroll County - "Baby chicks hatched 201. Eggs collected 722. Chickens sold \$12.50, eggs sold \$9.00."

Laurens County - "Poultry work has been a success this month. \$50.00 worth of poultry reported sold; \$12.00 worth of eggs, fifty cents worth of dried butter beans sold, eighty cents worth of canned peaches, 3 settings of pure bred eggs were bought, 500 baby chicks were taken off."

McIntosh County - "Two hundred and ninety - seven baby chicks hatched this month; 97 dozen eggs produced and sold at thirty-five cents per dozen."

Newton County - "Eighty pure bred eggs were set, 60 pure bred baby chicks bought; 237 chickens hatched; 3670 eggs collected, and \$42.00 worth of poultry produce sold."

Sumter County - "Fifteen hens setting; 3 chicken yards built; \$4.00 worth of eggs sold."

Washington County - "628 chicks were hatched and 599 baby chicks were bought. Nine settings of eggs placed."

Home Dairying: 4339 pounds of milk were produced. 228 pounds of cream, 475 pounds of butter and 800 friers were produced during the month and 6 good cows were bought.

Carroll County - "Collected 9728 pounds of milk and 876 pounds of butter. Butter sold \$23.75, milk sold \$6.70."

Laurens County - Dairy products sold \$45.00; one cow and calf bought. The sale of dairy products, poultry, eggs and canned products are helping out greatly in these hard times."

McIntosh County - "Seventeen pounds of butter produced. 27 gallons of butter milk sold at 20¢ per quart.

Newton County - "Four cows sold, 486 pounds of butter produced. \$22.00 worth of dairy products sold - \$16.00 worth of cream sold at cream station."

Polk County - "Sales for the month of March, dairy products \$77.60; poultry \$23.80; garden \$17.90 and miscellaneous products \$84.20.
Total \$183.40."

Farmers' Conferences

Newton County - "Held a farmers' and teachers' meeting with 150 in attendance March 8, 1929 in Courthouse, Covington, Georgia.

Washington County - "The Annual Farmers' Conference was held March 8, at the Sandersville High and Industrial School. The following topics were discussed: Necessity of Food and Feed Production; Home Ownership; Community Improvement; Producing Poultry to Pay; How Dad and Boy May be Partners. Demonstrations: Table setting, treating sweet potatoes, constructing a sanitary toilet. Club songs and yells added much to this occasion. 320 people were present at the Farmers' Conference."

Jackson County - "The Farmers' Conference and Meat Show held March 15 - 16, was well attended. The first day we had one hundred and fifty present, and the second day we had 300 or more. One farmer John Lay, reported 7 bales of cotton from 5 acres."

Paulding County - "The farmers and farm women of Paulding County met at the Dallas School House on the 21st of March and held a very interesting and helpful Farmers' Conference. Many farm and home problems were discussed and the people said that the conference was one of the best meetings attended by them. This was their first conference and although there was a steady down pour of rain about 75 persons attended this conference.

Polk County - "The Farmers' Conference held March 22 - 23 was the best ever held. Each speaker was at his best. Much helpful information given and many visitors from adjoining counties were present.

One farmer said that the knowledge he gained on the use of commercial fertilizers was worth a whole year's work considering the way he had been using it. Another said that the information he gained was equal to a week of plowing.

The ladies community council held their meeting and each one sent in their yearly report of sales. Miss Zelia Phillips, the white Home Demonstration Agent, gave so many helpful thoughts on how easy the home can be improved with little cost. With the cooperation of all these forces and our district agent, the conference and rally went over the top.

Adult Short Course

Laurens County - "Dexter, Middle Ground, Rock Creek, came together and held a two days' meeting at Dexter. This meeting was well attended. Demonstrations and lectures were given on dairying, poultry culling, cooking, baking, table service and table setting.

"Contest in bread making was held, public demonstrations were given in washing the dishes properly. Pearl Cherry won in the bread making contest. Club songs, yells and games helped to add inspiration to all present. Adults demonstrated the cleaning, spraying and whitewashing of a poultry house inside and outside. Forty-five adults witnessed this demonstration.

"The four walls of the building were hidden with exhibits from these three communities. Dresses, aprons, princess slips, shirts, scarfs, rugs, bed spreads and canned products made up the display. Fifteen persons walked from Chester, Dodge County, a distance of six miles to see the demonstrations. They were all well pleased with what they saw and heard."

Washington County - "An adult short course was held at the Washington Institute, Sandersville, Ga., March 29 - 30. Twenty-three women were present. The following demonstrations were held: Planning and preparing meals; cooking corn meal muffins, pound cakes, creamed Irish potatoes, salmon loaf, cold slaw, cream sauce, tying and dyeing, rug making, removing stains. The home demonstration council met at the end of the Short Course. All committees reported for this year's work. The council was re-organized for 1929."

Polk County - "The club rally and the one hundred dollar dress contest held in Polk County was one of the best and most helpful meetings put over by the agent this year. All dresses in the contest were very well made and the workmanship was a step forward in our clothing work. The Polk County Home Demonstration Council held a very interesting meeting during this time and many excellent reports were read"

Narrative Report - Girls' Club Work

What the Club Girls are Doing

Carroll County - "One club organized. Twenty-five gardens started; 900 cabbage plants and 450 onion sets planted; 15 pecks of seeds planted; collected 1722 pounds of milk; 272 pounds of butter. Butter sold \$5.25; baby chicks hatched 37.

The first part of the report is a general statement of the purpose and scope of the study. It is followed by a description of the methods used in the study.

The second part of the report is a description of the results of the study. It is followed by a discussion of the results and their implications.

The third part of the report is a discussion of the results and their implications. It is followed by a conclusion and a list of references.

The fourth part of the report is a conclusion and a list of references. It is followed by a list of references.

The fifth part of the report is a list of references. It is followed by a list of references.

The sixth part of the report is a list of references. It is followed by a list of references.

The seventh part of the report is a list of references. It is followed by a list of references.

"Three demonstrations in corn meal muffins, 3 demonstrations in bread making and one demonstration in cake baking given.

"Four health talks given, 3 homes cleaned, 10 windows washed, 20 drinking cups placed.

"Thirty-three combination aprons and bags, 17 uniform aprons, 10 caps and 20 holders made.

"Bought 2 sets of dishes, papered 2 rooms, planted 7 flower gardens and 13 packs of flower seeds."

Chatham County - "We have about completed the election and installation of officers for the year. A real club spirit seems to be existing throughout the country. The enrollment continues to increase. Our enrollment last March was 257. Today, we have 351 active members. We have been meeting with encouragement during the month with the majority of the parents. They have pledged to do their bit in aiding the junior work to come up to the standard in the 4-H Club Work.

"The rainy season retarded the progress of some of the gardens. Those that are located in low places have not been planted. Some have been growing off rapidly. We have the following vegetables planted: Tomatoes, okra, pepper, onions, snap beans and corn. The girls are really interested in their gardens this year.

"Each girl has pledged to grow a flower garden. Many gardens have been planted already. Some of the girls sold flowers and were just delighted with the project as that was the first attempt."

Jackson County - "Forty-three gardens planted. Set out 500 onions, 600 cabbage plants. Made 4 hot beds for bedding sweet potatoes. Sewed tomato and pepper seeds in boxes.

Three school houses and yards cleaned and planted the yards with beds of flowers. Sixteen homes have cleaned up for spring; 4 tables remade and painted. Four health talks made, 23 demonstrations given. Four pigs were bought by club boys and girls; 12 axe handles, 6 hammer handles reported, 6 homes remodeled and recovered, 18 wells cleaned and 2 springs boxed.
